

## HOMEWORK ESSAY

### **Instructions:**

Read the narrative explanation below and write a 2-page typed essay on one of the three narrative prompts listed below.

### **Narrative Explanation:**

Narrative writing recounts a personal experience, based on something that really happened. The essay should have a clear, identifiable storyline that is easy to recognize and follow. All details should work together in an integrated way to create a complete story with an introduction, a body and a conclusion. There should be a focus with a central impression, sense of change or something learned or gained by the writer. Events should move along, staying within that focus, with a narrative structure that is often chronological.

### **Narrative Prompts:**

1. Remember a time when you faced a challenge. You may recall a difficult problem, competition, or task you had to face. Recreate the situation and explain what happened. Detail how you met or failed to meet the challenge.
2. You can probably remember at least one time when you did something for someone else that made you feel proud of yourself. Think about it and explain what happened and how you felt about it.
3. We all have good times that stand out in our memories. Write a narrative about one of your pleasant memories.
